

NIGHT PHOTOGRAPHY: AN INTRODUCTION WITH DAFYDD WYN MORGAN

What to expect:

Set in the Cambrian Mountains, renowned for its low light pollution, Strata Florida has astounding dark skies. It's on the Cambrian Mountains Astro Trail and is less than a mile from a Dark Sky Discovery Site.

Two evenings of instruction by Dafydd Wyn Morgan, and the chance to take your own photographs of the night sky against the iconic landscape of Strata Florida.

"I've learnt so much in only a couple of evenings from Dafydd who is so willing to share his experiences, mistakes and successes, and to share his enthusiasm which is contagious."
