

NIGHT PHOTOGRAPHY COURSES DURING AUTUMN 2026

Y Beudy, Strata Florida, Pontrhydfendigaid
SY25 6ES. Free parking on site.

Friday 11th and Saturday 12th September, 7–10pm: The Milky Way Galaxy – an intermediate course and an opportunity to hone your techniques and capture some cosmic images of the September night sky over Strata Florida. Cost for the two nights £100.

Friday 9th and Saturday 10th October, 7–10pm: Autumn Astro Adventure – Intermediate course photographing the night sky just as the trees lose their leaves and the Northern Hemisphere's sky goes into winter mode. Cost for the two nights £100.

Located in the Cambrian Mountains, renowned for its low light pollution, Strata Florida has astounding dark skies. Join us this autumn season for some expert instruction from Dafydd Wyn Morgan and the opportunity to take your own photographs of the night sky against this beautiful and iconic landscape.

Places per course are limited to six. Full details and booking are on our website: www.strataflorida.org.uk.
